

INTERNET FOR DEMOCRACY SHUT DOWN THE EURO PARLIAMENT. NOW.

Internetdemokrati nu! Luk EU-Parlamentet nu!

To The members of Parliament in the European Union

"I dag kaldes fjenden ikke imperiet eller kapitalen. Det kaldes demokrati."

Alan Badiou.

Vi mener, det repræsentative demokrati er fortid. Dets dage er talte. Kun få mennesker i de vestlige såkaldte demokratier gider overhovedet at gøre sig den ulejlighed at stemme længere. **Faktisk kan repræsentationen ikke længere siges at være repræsentativ.**

Det er på tide at omfavne internettet æra. Internettet giver en enestående mulighed for at inddrage vores generation, gribe fremtiden og gøre en forskel. **Lad folk blive direkte involveret i beslutningsprocessen, lad folk bestemme, hvad der er bedst for dem.**

Vi, digitale indfødte, web-entusiaster, anarko-aktivister og unge europæiske visionære tror på internettet som aktiv regent i den demokratiske proces.

Med denne underskriftsindsamling kræver vi, at Europa-Parlamentet:

- **Ophører** øjeblikkeligt med alle sine aktiviteter. Vi ønsker ikke at fortsætte med at betale regningen for en dyr og bureaukratisk maskine til noget, vi kan gøre bedre selv komfortabelt fra vores lænestole.
- **Transformerer** demokratiet i retning af en reel brugercentreret oplevelse. Vi erklærer, at det repræsentative demokrati hverken fungerer eller er effektivt længere.
- **Skaber** en helt ny klik-baseret demokratimodel, der kan erstatte den forældede. Politiske partier kommer hver dag længere væk fra folkets vilje, og det er derfor, de er begyndt at bruge de sociale medier til reklame. Vi ønsker at tage det næste skridt, hvor de mest avancerede Web 2.0 teknologier bliver kernen i den politiske proces.

Underskriv nu! Lad folket bestemme!

Internetdemokrati nu!
