

## L'internet pour la Démocratie. **Fermons le parlement européen. Maintenant!**

To The members of Parliament in the European Union

"Aujourd'hui l'ennemi ne s'appelle pas Empire ni Capital. Il s'appelle Démocratie."

**Alan Badiou**

**Nous pensons que la démocratie représentative est quelque chose qui appartient au passé.** Ses jours sont comptés. Peu de personnes se fatiguent encore à voter dans les soi-disant démocraties occidentales. **D'ailleurs, la représentation ne peut plus être considérée comme étant représentative.**

Nous déclarons qu'il est temps de passer à l'ère internet. L'internet représente un moyen sans précédent d'encourager notre génération à saisir le futur et à faire une différence. **Laisser les gens participer directement aux décisions à prendre, leur permettre de décider ce qui est le mieux pour eux.**

Nous, indigènes numériques, enthousiastes du web, anarchie-activistes et jeunes visionnaires européens, croyons fermement au rôle actif d'internet dans le progrès démocratique.

Avec cette pétition, nous demandons au parlement européen de :

- **Cesser** immédiatement toute activité. Nous ne voulons plus continuer à payer la note salée d'une machine bureaucratique pour quelque chose que nous pouvons faire nous-mêmes du confort de nos fauteuils.
- **Transformer** la démocratie en une expérience dont l'utilisateur serait vraiment le centre. Nous déclarons que la démocratie représentative non seulement n'est pas efficace, mais ne marche plus.
- **Créer** un tout nouveau modèle de démocratie, accessible d'un clic de souris, qui remplacera l'ancien modèle démodé. Les partis politiques se distancent de plus en plus de la volonté du peuple, et c'est pourquoi ils ont commencé à utiliser les médias sociaux comme moyen de promotion. Nous voulons porter cette idée plus loin, jusqu'au cœur du mode politique, en utilisant les technologies Web 2.0 les plus avancées.

Signez cette pétition maintenant !

**Nous exigeons l'internet pour la démocratie!**
